

Chatton Lakes
WEDDINGS

ABOUT THE VENUE

Welcome to Chatton Lakes

Owned by the Woods family, Chatton Lakes has been a trout fly fishery for over a decade.

Blessed with beautiful views of rural Northumberland, the lakes themselves and Cheviot Hills, the fishery welcomed its first wedding in 2022 and so began the dream to welcome more couples to wed in this picture postcard spot.

Chatton Lakes is available to exclusively hire for marquee weddings, multi day wedding experiences and celebrant lead ceremonies from 2026. To conserve the beauty of the site we are running weddings on a very limited basis.

Exclusive Land Hire

Complete and total privacy for the entirety of your wedding, our lakes become yours for however long you wish. Our 27 acre site boasts unrivalled and unspoiled views out as far as the Cheviot hills.

Accommodation

Chatton Lakes has its own campsite and campervan site we will happily include in your land hire to accommodate your guests. However, a short walk away is the village of Chatton, home to plenty of holiday cottages and a pub with rooms who would be pleased to help accommodate.

Multi Day Weddings

Because why limit the fun to only one day? With plenty of activities for your guests to enjoy as well as bbqs and grazing table catering options, we offer a “destination wedding” experience whilst only being an hour north of Newcastle.

EXPERIENCE CHATTON LAKES

Welcome BBQ or Morning After Brunch

Make the most of your marquee hire and extend your celebrations! Our team would be happy to help with bbqs and breakfast grazing tables or work with your external catering team to deliver something more refined.

Activities

Open as a fishery for the most part, our lakes can be made available to you and your guests for fishing, paddle boarding or freshwater swimming.

Camping...or glamping!

With plenty of space for your guests to pitch a tent or park a camper there are accommodation options on site. However, we do also recommend a number of suppliers who offer yurts and glamping facilities for something more luxurious,
